 MARK BOCKELMAN
 EXAMINER

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steve Knoll on 3-16-2004.

The application has been amended as follows:

In the claims:

In claim 14 :

at line 1, before housing,

--biocompatible -- has been inserted

at line 16, after "to said second wall",

and substantially opposing circumferential wall portions between

said curved first and second wall sections-- has been inserted

at line 23, after "wall section",

-- and a spacing between the first wall and second wall being less

than a spacing between said substantially opposing wall portions of

the circumferential third wall -- has been inserted

The following is an examiner's statement of reasons for allowance: The examiner's amendment above is to better to define the walls of the housing, specifically, the substantially opposing wall portions 13" have spacing between them then that is greater along the wall portions than the spacing between the walls 11" and 12" in applicant's figure 5. The prior art of record does not teach such a housing arrangement or the property of field strength variance during use.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark W Bockelman whose telephone number is (571) 272-4941. The examiner can normally be reached on Monday - Friday 8:00 to 4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Angela Sykes can be reached on (571) 272 -4955. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
